

Notes from mtg

Oil - Water - chemical Mix - ^{sometimes}
centrifuge/settling to get water & chemical
In-Tank ^{most of}
Distillate ^{estimate} portions of chemicals
95%+ of
waste will come
off before centrifuge.

One chemical does not separate by gravity
(comes out in distillation)
Can take out atmospheric

4-5 small tanks
Distillation unit 15x30'
Heater

Will take out about 10% -
Probably won't have a larger volume, but
not known.

and facilities. Land affected does not include: (x) lands which have been reclaimed in accordance with an approved plan or as otherwise approved by the Board, (y) lands on which mining operations ceased prior to July 1, 1977, or (z) lands on which previously exempt mining operations ceased prior to April 29, 1989.

"Large Mining Operations" means mining operations which have a disturbed area of more than five surface acres at any time.

"License" means a franchise, permit, certification, approval, registration, charter, or similar form of authorization required by statute.

"Mining operations" means those activities conducted on the surface of the land for the exploration for, development of, or extraction of a mineral deposit, including, but not limited to, surface mining and the surface effects of underground and in situ mining; on-site transportation, concentrating, milling, evaporation, and other primary processing. "Mining operation" does not include: the extraction of sand, gravel, and rock aggregate; the extraction of oil and gas; the extraction of geothermal steam; smelting or refining operations; off-site operations and transportation; or reconnaissance activities which will not cause significant surface resource disturbance and do not involve the use of mechanized earth-moving equipment such as bulldozers or backhoes.

"Notice of Intention" means a notice of intention to commence mining operations, including any amendments or revisions thereto.

"Off-site" means the land areas that are outside of or beyond the on-site land.

"On-site" means the surface lands on or under which surface or underground mining operations are conducted. A series of related properties under the control of a single operator but separated by small parcels of land controlled by others will be considered a single site unless excepted by the Division.

"Operator" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, agent, or other organization or representative of any kind, either public or private, owning, controlling, conducting, or managing a mining operation or proposed mining operation.

"Owner" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, agent, or other organization or representative of any kind, either public or private, owning, controlling, conducting, or managing a mineral deposit or the surface of lands employed in mining operations.

"Party" means the Board, Division or other person commencing an adjudicative proceeding, all respondents, all persons permitted by the Board to intervene in the proceeding, and all persons authorized by statute or agency rule to participate as parties in an adjudicative proceeding.

"Permit" means a notice to conduct mining operations issued by the Division. A notice to conduct mining operations is issued by the Division when either a notice of intention for a small mining operation or exploration is determined to be complete and includes a surety approved by the Division, or a notice of intention for a large mining operation or exploration with a plan of operations and surety approved by the Division.

"Person" means an individual, group of individuals, partnership, corporation, association, political subdivision or its units, governmental subdivision or its units, public or private organization or entity of any character, or another agency.
